It takes a special kind of magic to make a school become a success. And students at N.P.H.S. have achieved that magic. As stars shine in the sky the students here shine in all aspects of school life. We have pulled together in sports activities, and academic pursuits to make our years at N.P.H.S. sparkle. To begin our spellbound year at the high school we have returned to a regular school day. Though with much apprehension from teachers and students alike, we have waded through crowded halls

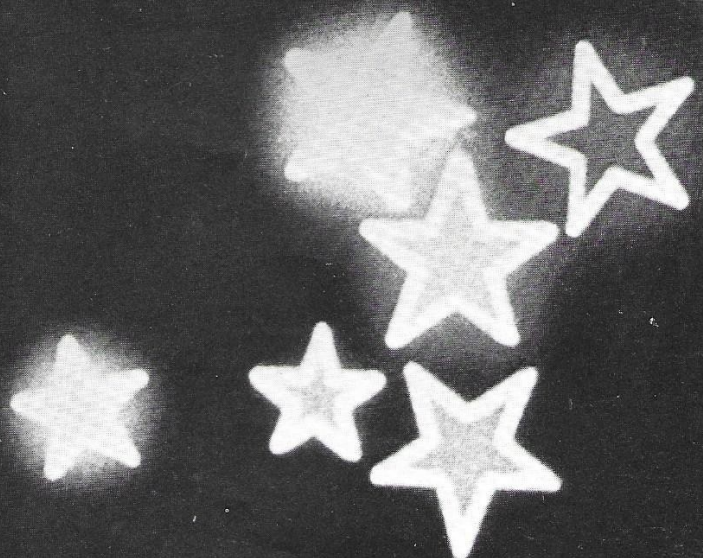

and have grown accustomed to longer classes something new for all of us. It affected our sports schedules, club meetings, and school functions. But with great stamina and flexibility students at N.P.H.S. accepted the new time schedule and grew accustomed to the lunch program and areas of construction. Only at N.P.H.S. could such a transition be endured. Faculty and students alike are to be commended.

WHO NEEDS THE REST
WHEN YOU'VE GOT THE BEST

What is the recipe for a fantastic yearbook? After looking at numerous past yearbooks, the yearbook staff decided that ours was not going to be *any* yearbook. It was going to be the best ever published. Being made with choice ingredients, it is our opinion that we have created a high quality standard for future classes to follow and *try* to maintain. Here is our recipe:

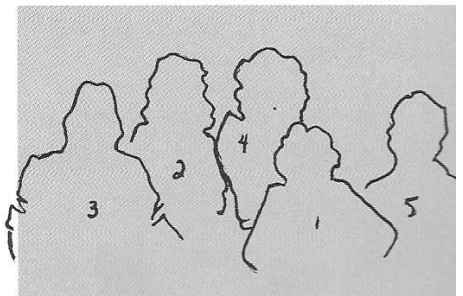

INGREDIENTS

1 great yearbook company
1 crate of Grade "A" Choice

pictures
\$ lb. of superior, yet creative,
stories and captions
8 pages of color
2 understanding households
16 extra pages (to enrich the
batter)
1 dedicated master chef and *his*

The newly reorganized *Foreign Language Club*, advised by Mrs. Diana Sefchik, has undertaken many projects this year.

The purpose of the club is to promote international understanding and awareness through various sales promotions and cultural events.

GYMNASTICS CLUB

Physical fitness is a very important factor in today's lifestyle. Through gymnastics students in grades nine through twelve can build up their physical being by tumbling and using various pieces of apparatus. At the end of the year routines are often performed by students in an informal program for parents and friends. Advisor, Mrs. Senna, has been a model figure in helping her students attain this goal of physical fitness.

EDITOR'S NOTE

Hoping to acknowledge all those who helped to create this year's yearbook, I would like to thank Lisa Grabowski, Jeff Hammon, the LaMaire family, Laura Pohutsky, Tom Rex, and Andy VanHorn, for their photographic, artistic, and creative talents.

I would like to give my deepest appreciation to Mr. Kiani, Mr. Dietzman, Miss Gannon, Mr. Ratner, and Mr. Urban, for assisting us in their areas of expertise.

Of course, Lorstan Studios and Taylor Publishing must not be forgotten. With their patience and professional attitudes, their services were indispensable.

I would especially like to thank Miss Lettieri, who throughout the year gave her time, help, and advice to make our yearbook successful.

A special thanks must be given to Mrs. Zabriskie and the secretaries whose help was needed drastically.

And to my staff, and those mistakenly unmentioned, I thank you.

Sincerely

Ralph A. C.
